NAZIS FOIL BERLIN SLAUGHTER

by Captain Seth D. Ryan, ANP

The tall blonde man finished reading the paper as the moon slid behind a cloud. He nodded to the uniformed figure in front of him, took out a match and quietly burned the paper. He took care to bury the few ashes in the soft dirt blanketing the forest outside of Warsaw. Extending his arm, he grasped that of the other figure. He thought he detected a smirk on the fat lips of his companion. But he dismissed it as shadows in the dense Polish woods.

Then, their meeting over, they parted; one back toward Warsaw, the other toward the Russian lines, where an occasional rumble or the flicker of exploding shells broke the quiet of the July night.

Many thoughts crossed Stanley Windolowski's mind as he made his way back to German occupied Warsaw. He thought of the days before the war, of Stephanie, his wife, and Frankie, their little baby. He wondered where they were and if he would ever see them again. He thought of his mother and the delicious golambkies she used to make. Then his thoughts raced back to the present, to the war, to German occupied Warsaw, to his rank as Lt. Colonel in the Polish Home Army, now fighting underground. He thought of the days of planning and the hundreds of close escapes involved in smuggling the 40, 000 Home Army Poles into German occupied Warsaw, where they now awaited his word.

Then he thought of his just-concluded rendezvous with Jacob Katz, Peoples' Commissar in the Soviet Army. He went over the final plans they had made for the insurrection from within Warsaw by the 40, 000 disguised Home Army Poles -- and the Soviet aid that Katz had promised would immediately follow.

Stanley was staunchly anti-communist, as was the Polish Home Army, in sharp contrast with the Red "partisans". He disliked very much any alliance with the Soviets, but he disliked even more the German occupation of his homeland. True the Germans had done much for Poland; they had re-built some of the ruined areas, set up medical centers and cared for the sick -- but no amount of good could erase the fact that they were Germans -- the hated, Germans, enemies of the Poles for generations.

This regretable alliance with the Soviets was necessary, he thought, and highly useful. A huge Soviet Army was camped directly outside of Warsaw at this very moment and would come to the Poles' aid as soon as the insurrection began. Katz had promised him again and again.

Moscow Radio had been continually urging the Poles to revolt, promising Soviet aid. So the populace was well-conditioned and expectant of Soviet aid. The German forces were greatly diminished by the war's tragic toll. What remained were tired and poorly equipped. With Soviet aid and the support of the strongest elements from the populace, the Poles could drive the Germans out.

The insurrection would take place tomorrow, August 1, 1944.

When the courageous Polish Home Army unmasked itself and its heroic men threw themselves into the streets to attack the German positions, they were met with all-out resistance from the heaviest German guns and troops. This was war. The fighting grew fiercer and fiercer by the hour. The streets seemed a continuous flow of explosive fire, like lava pouring from the mouth of a volacano. The buildings blazed and crumbled one after another. The wounded and dying lay all around. Their screams were heard everywhere.

Stanley fought on as his comrades fell around him. But where were the Soviets? But when would they come? They should have been here by now!

The toughest, most courageous among the populace joined in the fight along with the Home Army. They, too, wondered why the Soviet troops had not come as promised.

By nightfall many feared the worst but did not express their fears aloud. The slaughter continued. The Germans would have much preferred to be fighting the Soviets than to be slaughtering the Poles. But this was war. The Poles kept coming; attacking again and again! The fighting went on day after day, week after week -- and into the months.

The Soviets stayed put outside of Warsaw and never came to the Poles' aid as they had promised. On October 2, after the entire 40, 000 man Home Army force, the cream of Poland's crop, and what's more important -- THE SOLE ORGANIZED ANTI-COMMUNIST FORCE, -- HAD BEEN TOTALLY WIPED OUT, along with 200, 000 civilians who joined them, the fighting ended.

Only then did the Soviet Army advance. They drove out the battle-weary Germans, rounded up

the remnants of the healthy Poles, shipped them to Siberian slave-labor camps, and established the communist gangster rule of Poland at gun-point that exists today. Once the anti-communists had been tricked into committing suicide against German guns, the rest was easy for the filthy Jew-communist murderers.

The name of Stanley Windolowski has been changed. But the essential facts of how the Jewish communists provoked the Polish anti-communist elements into exposing and destroying themselves is historical truth.

This is the same pattern that led to the disastrous 1956 Hungarian uprising and subsequent slaughter of all the real dedicated anti-communists. In Hungary, the provocation was done by the Western half of the Marxist conspiracy, in the form of "Radio Free Europe", which continually urged the Hungarians to revolt, implying American aid would soon follow. Sound familiar?

What happened is now well known. The Hungarians revolted, the Soviets left, waited for everyone to expose themselves in Hungary, and then returned with tanks and Mongolian troops to crush the anti-communist, pro-Christian resistance movement.

The same thing happened in a somewhat lesser degree in the anti-communist uprisings and riots in Poland and East Germany shortly before the Hungarian uprising.

Last spring our CIA gatherered up all the pro-Christian, anti-Castro, anti-communist Cubans, loaded them up in two gigantic coffins called "ships" and set sail for Cuba. They had herded these poor unsuspecting patriots into the huge death-trap under the pretense that America would furnish air support, with fighters and bombers.

Kennedy, of course, came through for his side and called off the promised aid at the last minute.

When the floating coffins landed on Cuba, Castro's Militia was waiting at the exact spots WITH BUILT-IN CONCRETE PILL BOXES!!! It was like shooting fish in a barrell. Thousands were slaughtered and some 1,100 were taken prisoners. One guerrilla Captain smelled the trap when his sealed orders instructed him to invade a territory completely opposite to what he had been trained to attack -- and in an area of which he knew absolutely nothing!

As the names of the dead were pouring into this country, Kennedy announced that he would assume full responsibility for the slaughter trap; a statement that would have gotten him lynched 100 years ago. He thus tipped off the world's Marxists as to which side of the fence he was on. His recent trips to Latin America were greeted with great celebration and cheers; a sharp contrast to the reception the Reds had for anti-communist Nixon a few years ago. A top Cuban commie, Blas Roca, personally flew into Mexico a few days before Kennedy's arrival there -- probably to get things in order. Crowds lined the streets cheering. Nary a peep in protest was heard when Kennedy arrived!

Provoking anti-communist elements behind the Iron Curtain to expose themselves, and then leading them into a death trap rids the Reds of any real force that could oppose them. It has other propaganda value also. It makes it appear senseless to oppose communism, since those revolting against it are always crushed. And it casts Uncle Sap in the role of "paper tiger".

The latest provocation attempt is developing today in Berlin. Last week a young East German refugee was cut down with Red rifle fire as he tried to make it over the wall. His body hung in an area similar to a "no man's land". Anyone could have legally retrieved his body and brought it to safety in the Western Zone. A Red Cross van and crew stood a few feet away. They didn't move. The body hung there, twitching, screaming, dying. The blood dripped out and the boy's groans of agony could be heard all over the area. The Red Cross stood and watched. The American Military stood and watched. After several hours the Reds dragged the body back into the East Zone.

The sight of that young, clean-cut, blonde, Nordic boy, laying there in a pool of his own blood, crying out in pain for help -- and the Red Cross standing by refusing to move -- was enough to make any White man's blood boil!

West Berliners were enraged. Anti-Soviet and for the first time -- ANTI-AMERICAN, riots broke out.

The aim of the Jews was clear: to again provoke the real dedicated nationalistic, and hard-core anti-communists to expose themselves in Germany, -- as they had been tricked and deceived into doing in Poland, Hungary, East Germany, and Cuba.

There were other reasons, too, as there always are. Anti-American rioting on the part of West Berliners would create an atmosphere favorable to removing American troops from West Berlin, temporarily. This would encourage the pro-Nazi elements in West Germany to come more into the open and expose themselves -- and probably would be the forerunner to a giant swoop-down and round-up of all pro-Nazis and anti-communists. Another more immediate aim in the Washington-Moscow cold war is to cast riot-ridden West Berlin as a "threat to the peace" and keep the pot

boiling on that score.

As usual in these rotten slaughter set-ups, the front man is never a Jew. In the present case in Berlin, it is one of the worst Shabez-Goy rats now living, Willy Brandt.

This disgusting human weasel was one of the top Church-burners in the Spanish "Loyalist" ---(COMMUNIST) Armies, and, after World War II, proposed that a million Germans should be SHOT out of hand as a "lesson", -his OWN people!

Brandt, a top hero of the ADA and a "Social Democrat", --about the same relationship to the Communists as the NSRP has to the Nazis, --is the Mayor of West Berlin, and his part is to use the West German Police to round up and murder any anti-Communist (pro-Nazi) young heroes who rise up to avenge the provocations on "the wall"!

But this time, there is something different!

This time there is a world NAZI organization to oppose the world Jew-communist organization and its filthy provocations.

Although the press has almost blacked it out, Commander Rockwell has just returned from a SECOND trip to Europe, in spite of everything the enemy could do. In the USA, only the New York Times carried a little note of the affair. Nevertheless, the Commander's trip has made history!

The idea of the Jew Commisars is to have the cream of the West German youth rise up against the Berlin wall, -attacking with rocks and clubs, as usual, against not only the EAST German tanks and guns, but also the WEST German police and army, --which would only be "keeping the peace", of course.

Recognizing the rotten game, honest German anti-Communists called on the American Nazi Party for help. They couldn't move, themselves, without being seized and imprisoned by Adenaur's "security police". But they arranged for transportation with a non-European government which hates the reds as much as we do. Commander Rockwell slipped quietly out of Canada and made it to a meeting of the top anti-Communists and Nazis concerned with the Berlin situation. Machinery was set up to insure that young German hot-heads do not follow the Hungarian, Polish and Cuban heroes to a suicidal grave fighting red tanks with rocks and fists.

This is an era of ORGANIZATION. To beat back and finally destroy the Communist colossus we must be organized at least as well as the enemy. Certainly we cannot afford to throw away our heroic YOUTH on vicious red provocations designed to skim the anti-communist cream off of every nation's population!

We are proud that the American Nazi Party has at last put a STOP to this rotten Jew-Communist murder technique. The NEXT time our side attacks the red terrorists, we will be ORGANIZED and prepared.

The next time our side makes a stand, it will not be in response to red provocations or the siren voice of Pearson's "Radio Free Europe".

It will be because the world Nazi organization is ready to FIGHT and WIN. It will not be our young men who are slaughtered and cremated by red guns, --but Jew commisars and their pitiful cannon-fodder who will lie strewn in the streets, bleeding and ripped to shreds.

WHAT IS NATIONAL SOCIALISM

Hardly a day passes that somebody doesn't "blast" us because we are National SOCIALISTS.

"Socialism is just a 'nice' form of Communism" they say, "So actually, you're the same thing as the reds and the Jews!"

I can understand how these people feel, but I also regret their failure to THINK before they throw us into the pot with the worst enemies the world has ever had.

Sammy Davis, Jr. and General Douglas MacArthur are both "Americans", too. But I would hate to throw them both into the same pot because they both fit under the same name.

Right-wingers must learn that NATIONAL Socialism is the DEADLY ENEMY and the EXACT OPPOSITE of MARXIST Socialism.

Regardless of the name, (which I will admit is unfortunate, but which we are stuck with), NATIONAL Socialists do NOT believe in destroying private property and free enterprise. We believe a free economy is VITAL to any realistic society.

But we also recognize something which is

missed by most good right-wing patriots.

There is a whale of a difference between what is now called "CAPITALISM" -and "free-enterprise".

Free enterprise always involves PRODUCTION which benefits SOCIETY. When you set up a business and provide a service, sell something or manufacture something, --you are PRODUCING and helping all the rest of us.

But what about when you are Bernard Baruch, and you move into the stock market with millions of dollars in a field where you already know the government is going to cause a big boom?

SPECULATORS, like Baruch, Sidney Wienberg and the rest of these parasitic Jews, along with their Gentile accomplices, MANIPULATE the stock market with millions and millions of dollars. They do not really RISK their money because of their inside information with the government and the other Jews. They do no work at all. They produce nothing. They perform no service for anybody. And after a short while, they take their millions back OUT, --ALONG WITH MORE MILLIONS OF OTHER PEOPLE'S MONEY.

They cover up this ROBBERY of the American people with the sacred name of "Capitalism", but they give the game away when it comes time to pay taxes.

You and I WORK all year to PRODUCE things of value to the Country, and to provide services to other people. Perhaps we are especially hard-working and productive, and EARN, let us say, a hundred thousand dollars. This is TAXED up to NINETY PER CENT, leaving us with only a tiny residue of what we EARNED.

But the Jews who have made millions in the stock market by SPECULATING are NOT taxed the same way. They pay only a "Capital GAINS" Tax, --maximum only 25%!!!!!

This means that when they clean up four million without working, risking or producing, -they KEEP three million. If you went out and EARNED Four million bucks, they would take all but a few thousands.

And that is one HELL of a lot different than "private enterprise". That is JEW CAPITALISM, and it is the mechanism by which the Jews have stolen BUSINESS CONTROL of our entire American life. Especially it is the mechanism by which the Jews have become millionaires and bought up our NEWSPAPERS, our TV and every other way of communication with each other.

Adolf Hitler saw and understood this filthy Jewish method of robbery, and developed an economic system based on REAL WORK, and which outlawed criminal Jewish SPECULATION in the hard work of OTHER PEOPLE.

He called this system "National Socialism", mostly because the masses in Germany at the time were already disgusted with this Jewish stock-market robbery, and were sympathetic toward what was called "socialism". The idea was to win the MASSES, just as we must do now. And in that job, the word "socialism" is NOT anathema, as it is in "patriotic" circles; it is actually POPULAR, as every poll in high-schools and colleges shows.

Thus, National Socialism has nothing at all to do with MARXIST Socialism, which is nothing more nor less than a Jewish scheme for getting ALL the property of the Gentiles, instead of most of it as they do under "Capitalism".

Hitler recognized that BOTH Communism and speculative capitalism were JEWISH methods for gathering up all the wealth of the Nations in which they were parasites. Under Capitalism, the Jews and their Gentile accomplices DON'T EVER WORK, they SPECULATE and then don't pay taxes on their enormous profits, -while the herds of dumb Goyim are sweating and producing -and being TAXED TO DEATH. By this method the Jews inevitably and predictably build up huge fortunes while destroying Gentile wealth. When they have enough millions, they finance COMMUNISM, -to take over ALL the wealth by naked force, in the name of the "workers". This is why Jacob Schiff of Kuhn Loeb Co. gave twenty millions for the Russian Revolution and Hebes like Charlie Chaplin (Israel Thornstein) are even now pouring their money into the red take-over.

In short, under Capitalism, the Jews gather up the wealth WITHOUT WORKING, -BIT BY BIT. Then they finance COMMUNISM, so that the Jew commisars get ALL the wealth by becoming the "state".

Hitler and his National Socialism were the antidote for BOTH of these rotten Jew schemes, and this is why he is so hated by the world's greatest parasites and confidence men, the Jews.

Today, faithful to their old tricks, the Jews are getting millions of poor little workers to put their money into the stock market, and telling the suckers they "own" American industry. They did exactly the same thing before the big stock market crash of 1929, when Bernard Baruch made his millions and millions selling short. The idea is just like running a crooked roulette wheel; you've got to get the suckers betting heavily so that the house can clean up. When every last little school-teacher and widow has emptied her sugar-bowl into the Wall-Street Monte Carlo, -the Jews are "surprised by a crash" in which all except such as Mr. Bar-

uch lose their shirts and start jumping out of windows.

In other words, Jew Capitalism, -speculative capitalism, -means the trading in the blood and sweat of WORKERS and PRODUCERS by Jews and Gentile parasites who don't work, don't produce, don't risk their money, -and then don't pay much tax on their gigantic profits.

It is not this filthy, rigged Jew Monte Carlo which is responsible for American prosperity; it is American INDUSTRY, -American GENIUS, American PRODUCTION and American LABOR which makes our economy wealthy. It is not capitalism which is good, --it is FREE ENTERPRISE, --HARD WORK.

If the people who so carelessly blab that we National Socialists are "the same thing" as the filthy MARXIST Socialists, would ever take the trouble to read Mein Kampf, they would find Adolf Hitler DEFENDING free enterprise and private property, all through the book. If they would reflect, they would remember that the huge German Corporations like Farben and Krupp did FINE all during the Nazi times, and Hitler never "nationalized" any honest, productive private business.

National Socialism is the ONLY economic doctrine which separates honest, productive FREE ENTERPRISE from dishonest, speculative JEW Capitalism, and provides an economic system the opposite of both the Communist and Capitalist frauds.

Under Capitalism, the Jews are able to gather up the Gentile's wealth SLOWLY and without working, while the Gentiles become helpless and brain-washed WAGE-SLAVES. Under Communism, the Jews become absolute masters, owning everything there is, -while the Gentiles become outright slaves for fat Jew commisars.

National Socialism insists that EVERYBODY has the duty to CONTRIBUTE to society as well as take from it. Nobody is allowed to wallow in millions without taking genuine risks, without working, without producing and without contributing either invention, management or labor.

That is what is meant, economically, by "National Socialism". It produced the most amazing prosperity and happiness ever seen in the world in a few short years in Germany. The Jews were more concerned that the other nations, groaning under their Jewish tax and debt-burdens, would follow Hitler's example and throw off the international Jew bankers as he did. To prevent this catastrophe to the swindlers, they propagandized me and millions of other unthinking Goyim into the unspeakable slaughter of World War II. We cremated millions of Germans, men, women and children, so that the world would be made safe for Izzy and his Bolsheviks, and Iky and his stock-market crooks.

Now the croupiers in Wall Street are ready for another raid on the remaining wealth of the dumb Goy they have sucked into the "market". Our gold is POURING out, our people are idiotized and brain-washed, the stage is all set, and we will soon find Isadore and Jake and their Shabez-Goy stooges all suddenly "surprised" as the "market" "crashes" as it did in 1929. Fortunately, of course, the Hebes will have sold short, just by good luck. But the businessmen and other poor Gentile suckers will be hopping out of windows all around as their savings are scooped up by the "capitalist" Jews.

The lucky Jews will then pay a modest 25% "capital gains tax", pay off the Jews and Unitarian maqueraders in the White House, and drag off more Gentile millions to their counting houses.

If the "take" is good enough this time, and if the bilked suckers are mad enough and can be properly convinced that it is the "dirty industrialists and exploiters" who have done this to them, then the Capitalist Kikes and the Communist Kikes will gather their mobs in the streets for the BIG show.

In the name of the "workers", Izzy Cohen then takes over in over-alls from Jakey Cohen up in the Board Room of "the Big Corporation", -and the workers are then rounded up in "love and brotherhood" camps to work for the wonderful Jew commisars the rest of their lives in a Bolshevik paradise.

The only good thing in all of this miserable performance will be watching the surprise on the faces of the Kosher Conservatives as they are being led out by the Capitalist Jews to be shot by the Communist Jews as "enemies of the people".

Poor Hoggis! They may have to use an elephant gun on him. Even then, the Jews will have to be careful. Hoggis may manage to take up at least one collection from the firing squad before he goes, and might even pray the firing squad into shooting the Jews instead.

WHITE MAN FIGHT!

CAN THE JEWS SURVIVE

Things get worse and worse for the "chosen people"!

Boatloads are shipping out of Argentina as the people there start to shoot at their wonderful Jewish benefactors, and a Yiddish actor just scurried back to the Jew home-base, New York, saying it wasn't safe for Jews in Argentina anymore.

While the Jews publicly make light of the American Nazi Party as a gang of lunatics, privately they realize that our exposures of Jewish TREASON and HATE are bearing fruit. People are getting JEW-CONSCIOUS, -and the inevitable result is that they begin to notice what Jews are REALLY like instead of what they SAY they are. And the result of THAT, in turn, is that decent people want to start stuffing such ungrateful, treacherous rats into the gas chambers. When the patient, easy-going American people finally WAKE UP, they will be far worse than the panty-waist Germans, who let these red Jews emigrate by the hundreds of thousands.

Now the Jews, quaking in terror, have gotten out a secret book called "Can the Jews Survive?"

We herewith reproduce the cover of this revealing little pamphlet. It speaks for itself.

Our answer to their pitiful question is "No. The Jews CAN'T survive as long as they keep trying to cover up for red traitors like Soblen, as long as they keep masterminding the criminal communist conspiracy, as long as they keep cheating and USING the Negroes, even as they are using them to destroy White Society, and as long as they keep financing the criminal "state" of Israel and putting their loyalty to Israel above their loyalty to this wonderful American Republic. They have come to the end of a long and disgraceful role in world history, and will soon shamble after the Dodo and the three-toed cave bear into the museums and dusty archives.

THE JEW LUNATIC FRINGE

We have our half-wits, crack-pots and jerks on the right, and they regularly embarrass us with their paranoiac, bumbling public performances.

In spite of their rotten conspiracy against my White Race and my American Republic, the Jews sometimes win my sympathy when THEIR boobs and jerks louse up their admittedly professional act as brilliant and especially chosen love-mongers.

A gang of these Hebes, -the kind who wear the garbage-filled black beards, black beanies and the long black "kaftans" -with cruddy curls, --these super Jewy-Jews put out a paranoiac, unbelievable hate-rag called "The Jewish Press". It is from this disgusting sheet that we reprinted the criminal editorial in which they openly boast they plan to beat us up to keep us from speaking, that I reprinted the editorial in the "Open Letter to Robert Kennedy".

Here are some more samples of idiotic material from this "love" journal of the Jews.

First is some of the pictures they printed in their contest for the most "charming" young Jews. Our boys sent in a picture of "Alfred E. Neuman", and these hate-blinded, half-witted Jews PRINTED the picture as one of the entrants for "most charming Jew" brat.

Next are two ads for "Harry's Clothes Shop". We don't know "Harry's" last name, but we can just picture the nose on this fine American patriot! Here he is advertising in this super-"religious" JEWISH rag. Imagine our "surprise" to find Harry, -with the SAME AD in the Communist WORKER! Now why do you suppose a nice Jew like Harry would advertise in the Jew Press and ALSO in the WORKER? Probably to reach the Swedes and Frenchmen, of course. Jews wouldn't read the rotten "Worker", we know, because, of course, the Jews are only a "religion". How could the lovely, religious Jews and also COMMUNISTS patronize Harry's suits and clothes shop? Another mistake, like Alfred E. Newman!

SPECIAL NOTE:

We had planned to print the two tell-tale ads from the Communist Worker and the Jew Press in this space. But when we read them carefully we found they meritted a whole sheet, which will be clipped to each copy of the ROCKWELL REPORT. Reprints available.

Finally, we have a "Letter to the Editor" of this Jew rag which further "spills the beans" all over the street, while the Unitarian-type Hebes in the White House, -like Sorenson, Salinger, Schlesinger and the rest of the Kennedy herd of Hebes, -are HORRIFIED at this exposure of the Jew cat peeking out of the bag!

Here we have the Jews OPENLY BOASTING that they have been coming to our speeches and picket lines to stop us by "direct action", (Force and violence). This is, of course, ILLEGAL, and a violation of local laws and Federal Laws. Yet WE are always pinched and jailed for THEIR direct action, -and the press always wails about how WE are monsters "attacking" these innocent Hebrews!

Dear Sir:

I take this opportunity to commend you on the editorial of Aug. 17. It pleased me no end to read your views on the subject of Nazis and their like. As a member of the Brit-Trumpledor of America—Betar organization it especially, pleased me.

You stated in your editorial that, "if Rockwell and his like are to be stopped American Jewry must take matters into their own hands." We of Betar have urged as well as carried out a policy of direct action methods for years. Due to our views and our policy we have been called, terrorists, facists, or just plain ordinary hot-heads and trouble makers.

The Jewish community had not, and still has not, for the most part learned that there is only one way to handle these preachers of violence and race hatred. Therefore it was with great pleasure that I read the above mentioned editorial, written by a fellow Jew who is not a member of Betar, expressing our long called for viewpoint and atttude.

We would greatly appreciate, as you mentioned, your printing the time and place of meeting of this Nazi rabble. You would thereby be doing a great service to us as well as the Jewish community at large.

Very Respectively yours,
David Barzel

When the "lesser brethern", the "little Jews" thus crab the act of the masters in the White House who are skillfully painting the picture of "tolerant", "civil-liberties-loving" Jews, -we really feel sorry for the White House experts!

At the very LEAST, these bearded Kikes with the beannies could go out and apply some direct action, -as they call their terrorism, -to the COMMUNIST rallies going on on their door-step in Union Square all the time. Then Ted and Pierre and his high-type Jews could claim that these religious gentlemen are simply outraged and unable to contain themselves when they see people they think might be "un-American".

But they DON'T attack or protest the COMMUNISTS! Instead, these fat-heads print ADS for them, --right out of the Daily WORKER!

We feel for you, Ted, Art and Pierre!

We will let Hoggis say a prayer for you, and perhaps even give you choice of flavors? How about Tutti-fruiti?

IS COMMUNISM JEWISH?

If a full confession in open court were necessary to convict a man of murder, very few murderers would ever be convicted.

But justice recognizes that guilt beyond a reasonable doubt can be proved by ENOUGH "circumstantial" evidence.

It is never enough that the murder weapon was found on the suspect. Nor is it enough that the suspect was in the vicinity of the crime. Nor that he had a motive. Nor that he told somebody he hated the victim and would kill him if he got the chance. None of these things by themselves would convict a man. But ALL TOGETHER, with other facts implicating the suspect, any sane person can know, BEYOND A REASONABLE DOUBT, that the suspect is guilty. That is the rule in every Court in the land, and has sent many killers to the chair.

It is just so with PROVING the Jewishness of Communism.

It is impossible, of course, to get the Jews to stand up in public and tell the truth, --that Communism is a Jewish RACIAL movement: that the driving leaders of Communism, from Marx to Soblen, have been atheistical JEWS. (Not religious Jews, -but RACIAL Jews like convicted Soviet spy Soblen, who ran to ISRAEL for "asylum").

This does not mean that ALL Jews are Communists, or that ALL Communists are Jews, -as the press keeps lying that we are saying.

It means only that Communism, although it has many non-Jewish adherants, is ALWAYS found to be LED and SPARKED by RACIAL, non-religious JEWS, -just as the Mafia might have non-Italians in it, but the Mafia is still Italian. That doesn't mean that ALL Italians are Mafia gangsters, nor does it mean that ALL gangsters are Italian. It means only that the Mafia is an Italian movement.

In just that sense, then, COMMUNISM IS A JEWISH MOVEMENT!

If anybody takes the trouble to LOOK at Communism, -to watch a red treason rally in New York's Union Square, he will find that the reds are mostly YIDDISH, -and, in fact, the Communists have a YIDDISH newspaper, the "Freiheit", -and often hold their rotten rallies in Union Square in YIDDISH! But since we can never get people to look for themselves at this Jewish treason, we can present only bits and pieces of circumstantial evidence to prove our point.

One of the best such little bits of evidence we have seen in a long time is an advertisement for "Harry's Clothes Shop" at 104 3rd Ave., New York City.

Advertisers do not waste money on publications which won't result in sales. A brick manufacturer would never advertise in "Mademoiselle", nor a lingerie maker advertise in "Iron Age".

Here is an advertisement exactly as it was printed in "The Jewish Press", -for "Torah", -religious) Jews. Notice especially that Harry, whose last name you can imagine, -offers special suits for RABBIS, YESHIVAS and CHASIDIM, -with "Shatnes" service "FREE", -whatever Jewish service THAT is! Certainly it would be reasonable to say that Harry's clientele is JEWISH!
